## **Additional Supplies:**

Paper Crimper (Fiskars), Heart Whale of a Punch (EK Success), Word Window Punch (SU!), 3/16" Corner Rounder (SU!), Distressing Tool (SU!), Wheel Handle (SU!), Color Spritzer Tool, Signo Uni-ball White Gel Pen, Pink Gingham (SU!), Pretty in Pink Buttons (SU!), Valentine's Candy (M&Ms)

**Stamps:** (all SU!) Unfrogettable, Loads of Love, Love Wheel

**Ink:** Black Staz On, Regal Rose Classic Ink Pad (SU!), Brocade Blue Cartridge (SU!), Garden Green & Regal Rose Markers (SU!)

**Card Stock** (all SU!): Blue Bayou, Soft Sky, Regal Rose, Wild Wasabi

## **Instructions** (for square box\*):

### **Step 1:**

Cut cardstock 4" x 9 1/2"

### **Step 2:**

With the 4" length along the top of the Scor-Pal, score at 1" and at 3".

### **Step 3:**

Turn the card stock so that the 9-1/2" length is at the top of the Scor-Pal, score at 1", 3", 4" and 6".

**Step 4:**

Keeping the 9 1/2" length along the top of the Scor-Pal, shift the card stock to the 15/16" mark (between the 7/8" and 1" mark) and score at 8" and 10"

Your card stock should now look like the image shown (**Note:** score marks have been

enhanced for visibility). Please keep your card stock orientated this way, as all of the following steps keep the same orientation.

**Step 5:**

Cutting lines are shown in black solid lines. The corners will fall away. Angle cut the four tabs as illustrated. Create a centered, 3/4" tab on the right side of your cardstock. Create a centered, 3/4" tab on the right side of your card stock.

**Step 6:** Cut a centered 1" slot (enhanced for visibility) with a hobby blade. One pass with the hobby blade is enough; the slot needs to be narrow.

**Step 7:**

Make a mark in the center of the 2" square section. Use this to center the 1 3/8" punch.

**Step 8:**

Wheel Card stock with the Love Wheel and Brocade Blue Cartridge

**Step 9:**

Apply Scor-Tape™ around opening. Cut a piece of acetate a little less than 2" square. Remove covering of tape, stick acetate in place.

**Step 10:**

Use a stamping wheel to create a design on the box. Remember you are wheeling the side that has the indentations ( the score lines) on it.

**Step 11:**

Apply Scor-Tape™ to the front side of the box on the four tabs.

**Step 12:** Remove the covering from the adhesive and assemble the bottom of the box. Bend the card stock inwards along score lines. Tuck in the circular window piece. Close the lid of the box by slipping the tab into the slot. Embellish as you wish.

**\*Variation (Rectangular Box)**

For a rectangular box, start with a piece of 5" x 9 1/2" card stock. In Step One, score at 1" and 4" instead of the other measurements given. All the other steps are basically the same with some minor adjustments for the window and front tab.
