"Card Satchel"

Lynn Smith © 2008 *All Rights Reserved*
This project will hold 4 cards (4 ¾" x 6 1/2") and
4 envelopes - A6 size.

Supplies:
Scor-Pal®
Scor-Tape™ 1/4" width
12 by 12 inch piece of double sided patterned paper
7/8" circle punch
1/8" punch
Flower Punches
Brads
Crochet Cotton
Optional: Embellishment for center of flower

Step 1:
Align paper to all 3 fences. Score at 2", 2 ", 9 ½" and 10".

Step 2:
Rotate the paper. Score at 3", 3 ½", 8 ½" and 9".

Step 3:
Cut from the 2 1/2" score to the 3 1/2" score line to remove the corners. Repeat for all four corners.

Step 4:
Fold all the score lines. Before assembling the card caddy, punch holes in the top and bottom flaps to attach a closure. Carefully line up the holes so that they will not overlap and ruin your closure.

Step 5:
Use the 7/8 inch circle punch to punch 3 circles from the removed corners pieces.

Step 6:
Cut out a large and small flower from left over corner pieces. Reverse the large flower to show the inside pattern and place the small flower on top. Punch a hole in the center for the brad. Punch a hole in the top of the satchel for the flowers. Refer to photo of finished project for placement. Push the brad through all three layers.

Step 7:
Cover the back of the brad with one of the circles.

Step 8:
Punch a hole in one of the remaining two circles. Punch a hole in the bottom flap of the satchel.
Refer to photo of finished project for placement.
Attach the circle to the card satchel with a brad.
Cover the back of the brad with the remaining circle.

Step 9:
Attach a length of crochet cotton or thin ribbon to complete the closure.

Step 10:
Use a corner rounder on side flaps. Use Scor-Tape™ to adhere the bottom flap to the side flaps.
