

Fold n' Tuck CD Holder

Tutorial by Claudia Rosa © All Rights Reserved

Supplies:

Scor-Pal®

12" x 12" double sided paper or 2 one sided papers

Cardstock or light chipboard for letters

Letters are made using Cuttlebug's "Red Tag Sale" dies.

Glue for glitter

Glitter

Step 1: Cut your decorator paper to 10" x 10".

Score at 2 1/2" and 7 1/2".

Step 2: Turn 90 degrees and score again at 2 1/2" and 7 1/2".

Step 3: Cut out the four corner squares formed by the scoring. Save these as matting for the front of the CD Holder.

Step 4: Pre-crease your folds then "fold in" like you do the top of a box to close it.

Step 5: Cut your mats to measure 2" x 2". Using the other side of the decorator paper or your corresponding paper, glue the mats to the four sections. Refer to photo. If you have used one sided paper cut a piece of corresponding paper for the inside. This can also be matted. Refer to photo below.

Step 6: Cut out and glitter your letters. Glue in place.

Step 7: On the inside flaps you can list the songs that are on the CD.

These are awesome Christmas gifts but can be given on other occasions like Birthday, word 'Cake" or for Valentines Day, "Kiss" or "Love", lots of ideas.
