

Accordion Fold Card

Designed by Diana Crick

Supplies:

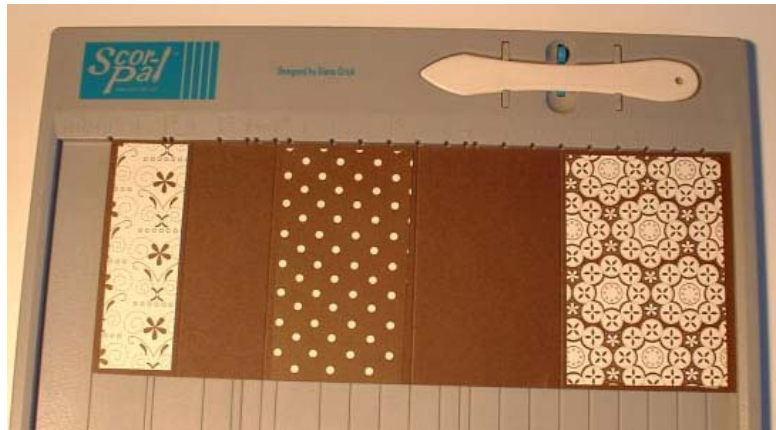

- Scor-Pal®
- Cardstock - 4 1/4 " x 11" and scraps
- Designer Paper - Three different coordinating sheets. You will just need small amounts
- Stamps and ink pad or markers
- Adhesive

Step 1 - Align your 4 1/4 " x 11" piece of cardstock to the top and right fence as illustrated.

Score at 4", 6 1/2", 9" and 10 1/2 ".

Do not fold the accordion pleats.

Step2: Attach the decorator paper while the cardstock is flat.
The first panel is $1\frac{1}{4}$ " x 4" (left side) - Second panel is $2\frac{1}{4}$ " x 4"
Third panel is $2\frac{3}{4}$ " x 4"
Now you can fold the accordion pleats!

Step 3 - Decorate as you wish. To make a belly band you will need a piece of decorator paper "½ x 7". Not shown

TIP: When gluing embellishments such as the flower hold the embellishment to where you are going to place it. Turn over the card and draw a pencil line along the edge of the fold. This will show you where to place the adhesive.
