## Batty Boo Basket

Adapted from the 2, 5, 7, 10 Box by Jenn Balcer  
Another super tutorial by Valerie Stangle © All Rights Reserved 2007

### **Supplies:**

#### **Scor-Pal®**

#### **Cardstock:**

- One 5 1/4" x 11"
- One 1" x 11" contrasting color for handle

#### **Patterned Paper:**

- 1" x 11" for decorative top of basket

#### **Stamps (for example shown)**

- Batty for You (SU!)
- Flannel (SU!)

#### **Accessories:**

- Assorted punches: Scallop punch, 3/4" circle
- 1" circle punch, 1 1/4" circle punch,
- 1 3/8" circle punch (SU! and Creative Memories)
- Assorted ribbons
- Clear button
- Scor-Tape™
- Dimensionals (SU!)
- Glue Dots (SU!)

**Step 1:**

Place cardstock along top and left fence of Scorer-Pal®. Score at 10 ½" mark.

**Score** cardstock at 2", 5", 7" and 10".

**Step 2:** Rotate cardstock and place along top and right

fence of Scorer-Pal®. Score at 10 ½" mark.

| Represents cutting lines

**Step 3:** Hold cardstock horizontally, with score line running across the bottom. Make vertical cuts from bottom of cardstock to the score line to create four flaps. Cut and remove smallest rectangle entirely. Angle cut remaining narrow piece to create a tab for adhesive.

**Step 4:** Using photo as a reference, place Scorer-Tape™ on right edge of cardstock, keeping it above the bottom score line. Place an additional strip of Scorer-Tape™ on the 2<sup>nd</sup> flap (from right).

**Step 5:** Flip cardstock over and using photo as a reference place Scorer-Tape™ on flap edge. It is difficult to see but I have stamped the cardstock using the Flannel background stamp (SU!) prior to assembly.

**Step 6:** Remove tape backing from Scor-Tape™ and assemble box. Carefully attach small flap to inside of box before attaching outside together.

**Step 7:** Remove tape backing from box bottom and adhere bottom together. Fold smaller flaps in first, then overlap with the larger flaps and secure shut.

**Step 8:**  
Adhere Scor-Tape™ to handle ends.

### Finished Box

Add decorative elements to the front of your Batty Boo Basket. I've used a series of punches, ribbon, a clear button, and fun stamped images. Fill your Batty Boo Basket with crinkled paper and a cello bag filled with Halloween treats!

### Added bonus:

Make a fun coordinated 3"x 3" card using leftover supplies from the Batty Boo Box.
