Supplies:

Scor-Pal®

Scor-Tape™

4 ¼" x 8½" piece of card stock

2- pieces of 1 7/8" x 4" coordinating card stock or patterned paper

Coordinating card stock for main image/matting, and inside liner (optional)

Stamps and ink

Desired embellishments of choice

Step 1: Score your 4¼" x 8½" card stock at 2 1/8" and 6 3/8" (**the measurements are marked with raised dots on the Scor-Pal®**). Remember to fold the card with the score lines to the outside of the fold.

Step 2: Decorate the inside of the card as desired.

Step 3: Adhere patterned paper (or stamp) outer panels.

Step 4: Create focal image, add adhesive to one side only as shown, and adhere to one of the panels.

Step 5: Finish card with any accents or embellishments you desire. (I used a brad to help secure my card in the closed position).
