Step 1: Where visible, cover up the cardboard color by inking the edges of the inner box and outer matchbox cover. Use a sponge if you have trouble getting into the inside crooks and crannies of the box and tray.

Step 2: Adhere the pattern piece of paper around the outer matchbox cover with Scor-Tape™.

Step 3: To add the scallop flap take a 2" circle punch and punch out a piece of white cardstock (or color of choice). Adhere circle to coordinating color and cut around with scalloped scissors.

Step 4: Center scallop circle on the Scor-Pal between the 8" and 10 1/2 " grooves. Score at 9" and 9 ½"

Step 5: Fold on scored lines and add any stamping you want on the flap. I stamped the flower with Spring Pansy Versamagic and the words with Noir Palette ink.

Step 6: Adhere scallop circle to outside cover of matchbox cover.

Step 7: Inner accordion album.

Align 11 1/2" to top and left fence. Score at 2 1/2", 5", 7 1/2" and 10".

Step 8: Flip your paper top to bottom **NOT** side to side. Align left edge to the 1/4". Score at 1 1/2", 4", 6 1/2" and 9". You have created a 1 1/4" accordion fold.

Step 9: Stamp your mini album before you fold - so you can see where the folds will be and they will not interfere with your stamping.

Step 10: Fold on all scored lines and slip into the matchbox tray.
