

Goody Bag

Maria Bell © 2008 *All Rights Reserved*

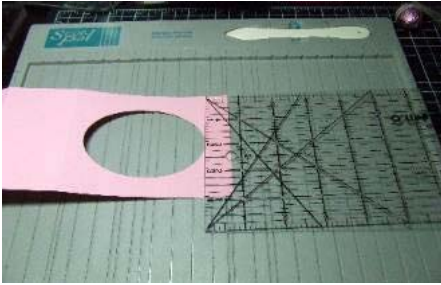

Supplies:

(1) 4 x 11 1/2" cardstock
(1) 4 x 3" designer paper
Coluzzle Cutting System or any Shape template/Punch
Blade to cut shape
12 inch ribbon
Stapler
Hole Puncher
Scorer
Cellophane or poly bag maximum width 4" and length 5"
(Length of bag may be cut to fit the goody bag holder)
Paper shaper/Scissors (Optional)
Scor-Tape™ or other adhesive
Candy to fill goody bag

Step 1: Align the 11 1/2" edge to the top and left fence. Score the 4 x 11 1/2" cardstock at 4 1/2" and 6 1/2".

Step 2: Fold the cardstock at the score lines, remember score line is to the outside of fold.

Step 3: Cut a window with any desired shape using the Coluzzle Cutting System or shape template on one of the 4 1/2" side of the cardstock.

Step 4: When cutting the window be sure the edge of the window is at least 3/4" the distance from the edge of the cardstock

Step 5: Fill cellophane bag with candies or other treats. Align the edge of the bag opening to the top edge of the holder.

Step 6: Staple the top. Be sure the cellophane bag is sandwiched and stapled together with the cardstock.

Step 7: Score the 4" x 3" designer paper at 1 1/2". Optional, use decorator scissors to cut one edge. Apply glue to the back edge of the flap and glue in place.

Step 8: Sandwich the top of the goody bag with 4" x 3" decorator paper then punch two holes horizontally at the top of the completed holder. Thread through ribbon to close and tie into a bow.
