Using a craft knife and ruler cut, shown in orange, on opposing score lines to where the score lines intersect. Next, rotate your cardstock  $\frac{1}{4}$  turn and align the paper to the top fence, left side, and cut at 5 cm and 22 cm, indicated by the blue lines below. Be sure to have you cutting mat underneath when cutting with a craft knife on your Metric Scor-Pal®.

This is what it should look like after all cuts have been made.
