## Supplies:

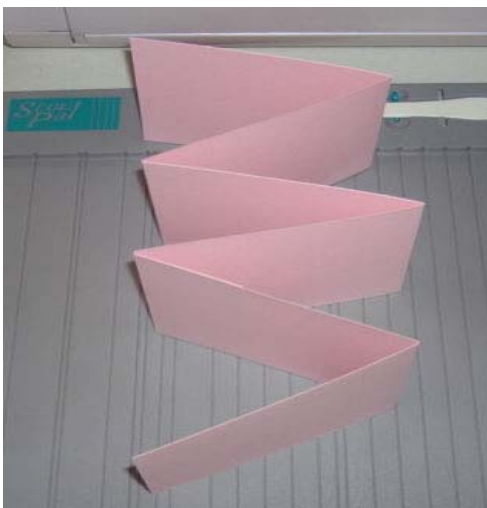

- 12" x 12" cardstock to coordinate with purse
- 4 1/4" x 5 1/4" coordinating cardstock
- Paper Cutter
- “Scor-Tape™” ( available in the online store) a premium double sided adhesive
- Ribbon
- Embellishments to decorate....

**Step 1:** 12" x 12" cardstock, score at 5" and 10" (**dashes**). You should have a leftover 2" flap on the right – do NOT cut this off!!!).

**Step 2:** Using your paper cutter, turn your cardstock a quarter turn, **cut** into 3 sections each 4" wide (**straight lines**). These 3 panels create your accordion album.

**Step 3:** Cut off one 2" flap. This will be the last page. Apply "Scor-Tape™" to the 2" flaps. Remove covering and attach the first panel to the next. Connect remaining panel in this same fashion.

**Step 4:** Fold into an accordion.

**Step 5:** Use “Scor-Tape™” to attach the coordinating ribbon on to the base cardstock (cut the ribbon long enough to wrap around your album and tie into a bow).

**Step 6:** Adhere the accordion album (the last page) to the base cardstock sandwiching the ribbon.

**Step 7:** Decorate with various embellishments and DS paper

**Step 8:** Bring the ribbon around, and tie in a bow at the front of the album.

Slip it in to your cute little purse!
