Pretty Peony flower set
Bloomin' Beautiful stamp set   (sentiment stamp)
6 pink 3/8" taffeta ribbon
Round tab punch
White gel pen
Pewter jumbo eyelet
Crop-a-Dile
Adhesive
Dimensionals

Step 1:
Score 5 ½" x 11" cardstock at 5 ½" on the long side to create a 5 ½" x 5 ½" card base.

Step 2:
Score 5" x 5" cardstock at 4", 4 ¼", and 4 ½" on all four sides.

Step 3:
The 5" x 5" piece now has a 3" x 3" blank center that needs to be scored into 4 squares. Starting at the 2 ½" mark and below the 3rd scored line at the top, score downward to the 1st score line at the bottom of the cardstock. Turn the paper sideways and repeat this step.

Step 4:
Stamp images onto the scored 5" x 5" cardstock. Set aside to allow black craft ink to dry on the sentiment.

Step 5:
Using the white gel pen, place dots along one 5 ½" edge and both 1" edges of the Purely Pomegranate cardstock. Secure this to the far left side of the card base.

Step 6:
Punch a tab from the Designer Series Paper using the Round Tab punch, then fold the punched tab in half, aligning the rounded ends. Use the white gel pen to draw faux stitch markings around the edges of the tab

<u>Step 7:</u>
Apply a small amount of adhesive to the inside edges of the tab. Slip the tab onto the stamped cardstock and align as desired. Gently press to allow the adhesive to hold it in place. Using the large hole on the Crop-a-Dile punch, punch through the center of the folded tab, then mount the jumbo eyelet in the punched hole. Loop and tie ribbon through the eyelet, trimming the ribbon edges to desired length.
