

Pull Out Tab Book

Silvia Maybie © 2008 All Rights reserved

Supplies:

Scor-Pal®

Card stock: various colors

Patterned paper of choice

Ink

Stamps

Scor-Tape™ or strong adhesive

Paper trimmer

Embellishments

Optional for coloring: odourless mineral spirits, blending stump, water color paper, water color pencils

Step 1:

Cut 2 pieces of cardstock
4 1/4" x 11".

Step 2:

Score each piece at 3" and 8".
Turn paper top to bottom and
score at 5 1/2". We are
creating an accordion so we
need to alternate the scores.
The inside flaps will be
narrower than the middle and
outside flaps.

Step 3:

Glue the inside ends together
to form one long accordion.

Step 4: Slits are cut in the shorter center pages. Align the score mark with the cutting groove in your cutter and use the ruler on the cutter. Start cutting 1" down and finish 1" up from the bottom. The slit should be 2 1/4" long. The little arrows in the orange blade show where you are cutting to.

Step 5: Cut two pieces of cardstock 3" long x 2 3/4". Cut a 1/4" away from each side leaving a tab at the top. Refer to photo.

Step 6: Insert the pull out pages from the back. If you want to put patterned paper on them it before you insert them.

Step 7: Glue only where indicated by the white lines. Close the pages.

This is the book from the front. Stamp and color your images.
