

Seed Packet Coverlet

Lauren Meader © 2008 *All Rights reserved*

Supplies-Scor-Pal, terrific tape, Garden of Life, lemon tart cardstock, black cardstock, acetate, bazzill cardstock (flower), wasabi (leaf), black cardstock, butterfly punch by Martha Stewart, circle nestabilites, summer sunrise polka dot ribbon by PTI, various punches, The Paper Garden book.

Step 1:

Cut cardstock to 4" X 11". Score at 1" and 6" (see how seed packet will easily fit)

Step 2:

Choose die cut, and cut out, mid, lower portion of FRONT panel. See above photo. It is the panel the seeds are laying on.

Step 3 : OPTIONAL

Take larger nestability die, and JUST emboss border around cut out panel.

To JUST emboss-in your Cuttlebug-you take A plate, B plate, tan mats, cardstock, nestability and then B plate. Then it won't cut.

This is what your panel will look like.

Now you can choose which side you want to use on the front of your packet holder. I chose the opposite side to use as my front design. Fold at score lines, use Scor-tool to flatten and sharpen folds.

Step 4:

Cut piece of acetate layer 4" X 4", adhere behind cut out, using Scor-tape. Stamp if desired. I used [Garden of Life](#) pattern book for the punched out flowers. Apply an adhesive strip to the back panel, and place seed packet in place

Step 5:

Fold closed. Secure with band of ribbon to tie shut. Then decorate as desired.
