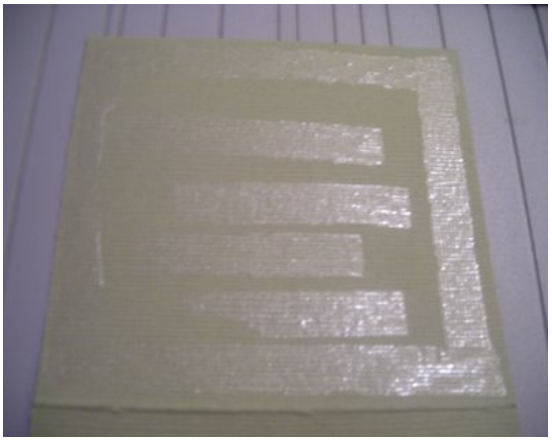
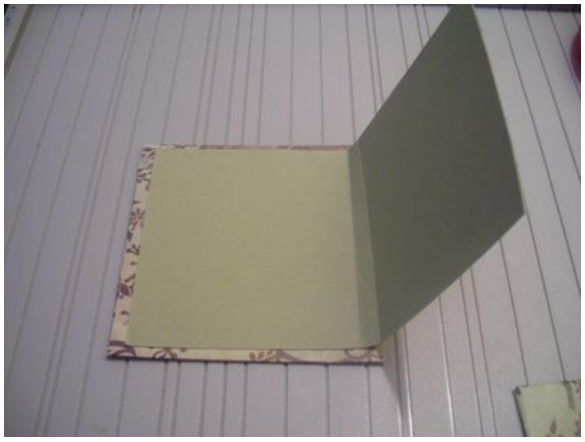
Sticky Note Holder
Step 1:
Place your cardstock measuring 6¼" x 3¼" up to the left fence and score at 3".

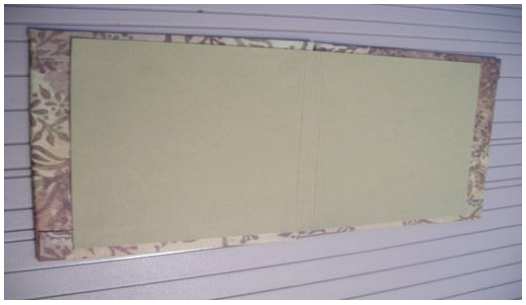
Step 2:
Move the cardstock over to the ¼" mark and score at 3½". Fold your score lines.

Step 3:
Apply adhesive to the chipboard then place your chipboard square on a piece of your designer paper. Miter the corners and secure the flaps down. Do the same for the other chipboard square.

Step 4:
Apply adhesive to your cardstock up to the first score line then center onto the chipboard square. Repeat this process for the other chipboard cover.





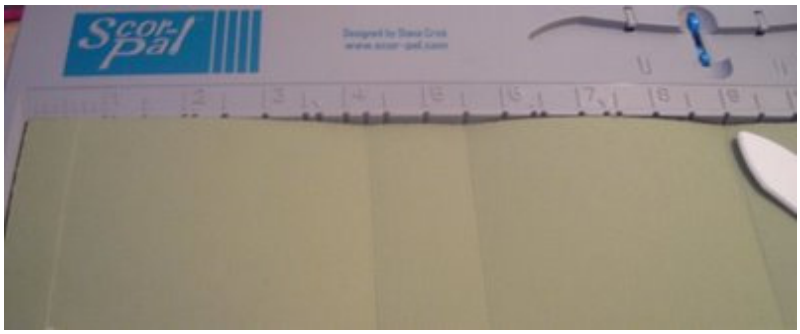


Step 5:
Add your sticky notes. Embellish the outside however you would like.

Gift Box

Step 1:

Place your cardstock lengthwise in the Scor-Pal at the 3/8” mark and score at 1 inch.



Step 2:

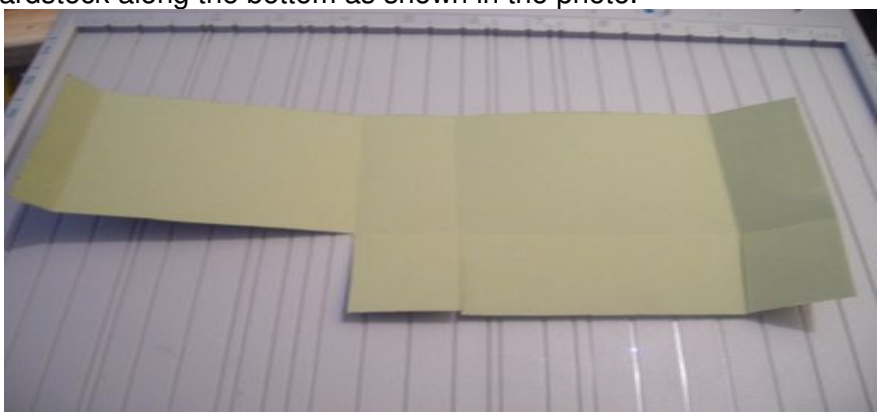
Now move your cardstock back over to the left fence and begin scoring at 4¼", 5½" and 9".

Step 3:

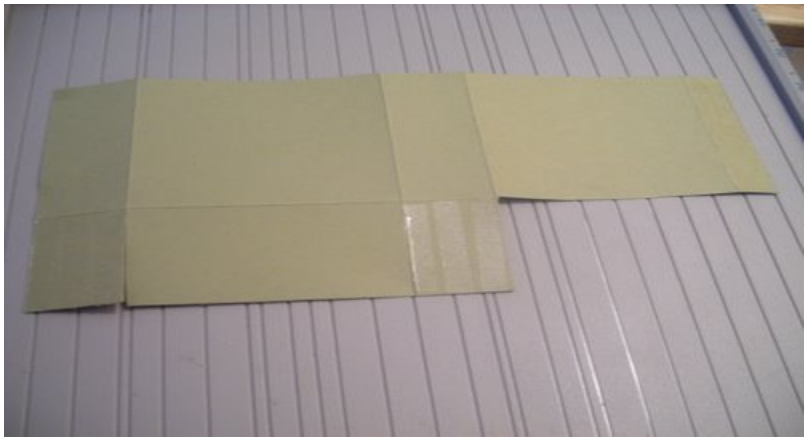
Turn your cardstock 90° and score at 3” then fold the score lines.

Step 4:

Cut your cardstock along the bottom as shown in the photo.



Step 5:
Turn your cardstock over. Apply adhesive to the narrow strip on the far right. Use Scor-Tape to hold it really well. Also apply adhesive to the two flaps. (*See picture for placement*.)



Step 6:
Assemble box. Fold flaps in and then lift the bottom piece up to secure.

Step 7:
You can add a ribbon handle if you want. Embellish however you'd like.
