

- Boxes Galore
- Diana's Star Box
- One Sheet Box
- Favor Box 2-4-6-8
- Fish Box
- Which Way Box?
- Maria's Card Box
- Make a Wish Window Box

Supplies:

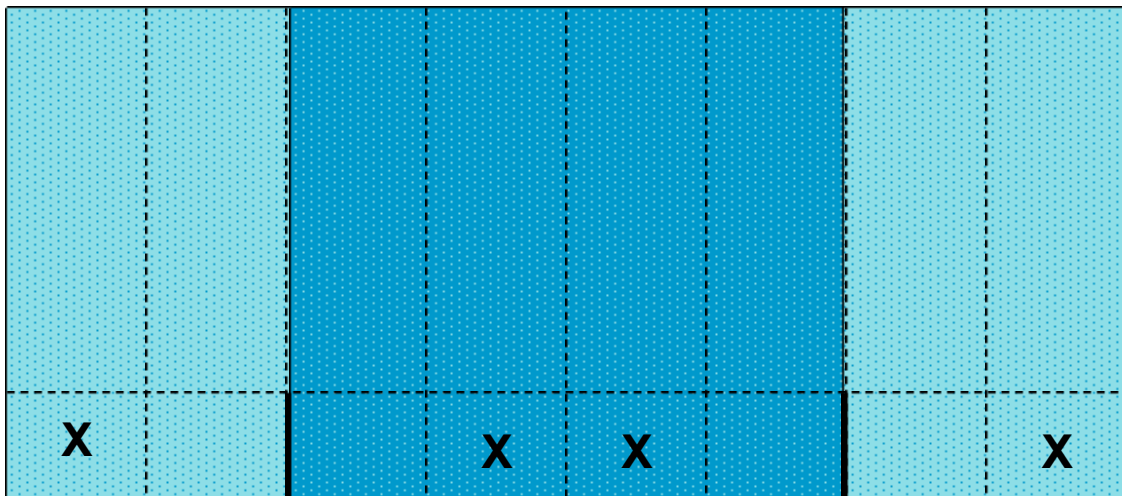

- **Scor-Pal®:**
- Cardstock or Decorator paper **6" x 12"**. The box stands 4 1/2" tall.
- Decorator paper that co-ordinates **5 7/8" x 6 "**.
- **Scor-Tape™** - double sided adhesive tape sold in the online store.
(Awesome stuff)
- Embellishments

Step 2:
Turn paper around so **OPPOSITE** end is now at the right fence. Keep wrong side up. Score at 9 1/2".

Step 3: Turn paper a quarter turn. Score at 10 1/2". This is the bottom of the box score.

NOT TO SCALE—for illustration purposes only!

Step 4: Glue your coordinating piece of Decorator paper to the front 4 middle sections. Re-score the lines in this area. The paper is cut slightly smaller so that it does not go over the scored line.

Step 5: Cut away the middle **two tabs** and **each end tab (X)**. Cut up to the bottom scored line between tab 2 and 3 and between tab 6 and 7 (solid black line). Fold each of these tabs inwards.

Step 6:

Accordion fold the box. Open out and form box shape with two ends as in photo. Glue the folded flaps together. (**X & X**) The bottom tabs are folded in, one on top of each and then glue the last tab in place.

Step 7:

Embellish and your **Which Way Box** is completed. Don't forget to fill it with goodies!
